## Recombinant Rotavirus VP6, 100 µg 610145

|                     |                                                                               |
|---------------------|-------------------------------------------------------------------------------|
| Product Name        | Recombinant Rotavirus VP6, 100 µg                                             |
| Catalog Number      | 610145                                                                        |
| Description         | Recombinant rotavirus viral protein 6 (VP6).                                  |
| Species/Host        | E. coli                                                                       |
| Brand               | Medix Biochemica                                                              |
| Form/Appearance     | Liquid                                                                        |
| Concentration       | Lot specific                                                                  |
| Storage             | +2-8°C                                                                        |
| Associated Products | Anti-Rotavirus VP6 11101                                                      |
| Buffer              | 20 mM Tris-HCl pH 7.5, 150 mM NaCl, 1 mM TCEP, 0.095 % NaN3 as a preservative |
| Molecular Weight    | Predicted molecular weight 45 kDa                                             |
| Shelf Life          | Unspecified                                                                   |
