

Product Datasheet

Immunoglobulin E (IgE) - Human Myeloma Plasma 340-40

Product Name	Immunoglobulin E (IgE) - Human Myeloma Plasma
Catalog Number	340-40
Alternative Names	IgE
Brand	Lee Biosolutions
Form/Appearance	Liquid
Storage	-20 °C
Source	Human Myeloma Plasma
Shelf Life	Due to differing stabilities of various biomarkers in this complex biological material it is not possible to assign a single expiration date that is relevant to all biomarkers. The end user should monitor the biomarkers of interest to verify suitability over time.
Biological Activity	≥ 1,500,000 U/mL (ELISA)
