

# Support and tools for COVID-19 diagnostics

## Detecting new SARS-CoV-2 variants

We are committed to providing IVD test manufacturers with highest performing quality antibodies, antigens and other raw materials for timely support of the SARS-CoV-2 outbreak.

### EastCoast Bio products

- Anti-SARS-CoV-2 Nucleocapsid monoclonal antibodies
- Anti-SARS-CoV-2 Spike 1 protein monoclonal antibodies
- Recombinant SARS-CoV-2 Spike 1 and Nucleocapsid antigens

### NEW VARIANTS – AVAILABLE NOW

- Recombinant SARS-CoV-2 South Africa variant B.1.351 spike protein antigen
- Recombinant SARS-CoV-2 UK variant B.1.1.7 spike protein antigen
- Recombinant SARS-CoV-2 Brazil P.1 variant spike protein antigen
- SARS-CoV-2 Spike 1 Neutralizing monoclonal antibodies

Please visit [eastcoastbio.com](https://eastcoastbio.com) to find more information about these products and to place an order, or [click here](#) and our team will contact you.

### MedixMAB™ and MedixAntigen™ products

#### Recombinant SARS-CoV-2 antigens:

##### Nucleocapsid (N)

- 100 µg, 710081
- 1 mg, 710082
- 5 mg, 710083

##### Spike S1

- 100 µg, 710090
- 1 mg, 710091
- 5 mg, 710092

##### Spike RBD 1 (aa 331-524)

- 100 µg, 710093
- 1 mg, 710094
- 5 mg, 710095

##### Spike RBD 2 (aa 319-541)

- 100 µg, 710096
- 1 mg, 710097
- 5 mg, 710098

#### Serological anti-human IgG, IgM, and IgA antibodies:

##### Anti-h IgA

- 8203 SPRN-5, 100101

##### Anti-h IgG

- 7701 SPRN-5, 100087
- 7701 SPRN-10, 100152

##### Anti-h IgM

- 7408 SPRN-5, 100084

## Lee Biosolutions products

We support Covid-19 related test development by providing native control proteins and biological specimens, including:

- Control material proteins for IgG, IgM and IgA
- Rheumatoid Factor concentrate used in interference studies
- Biological products including
  - COVID-19 cross-reactivity serum/plasma panel
  - COVID-19 confirmed positive & negative serum/plasma samples
  - COVID-19 confirmed positive & negative nasopharyngeal swabs
  - COVID-19 confirmed positive & negative saliva samples
  - Nasal fluid collected prior to November 2019

Please visit [leebio.com](http://leebio.com) to find more information about these products and to place an order, or [click here](#) and our team will contact you.

## Covid-19 related inflammatory biomarkers

In conjunction with direct SARS-CoV-2 testing, several inflammatory biomarkers, such as **CRP, SAA, PCT, IL-6** and **ferritin**, can be useful in assessing the disease status of COVID-19 patients. Our most popular and highly recommended monoclonal antibodies and control antigens for inflammatory biomarkers include:

### C-reactive protein

- Anti-human CRP 6404, 100061
- Anti-human CRP 6405, 100358
- Anti-human CRP 6407, 100147
- Human Pleural Fluid CRP antigen, 140-11

### Interleukin-6

- Anti-human IL-6 2703, 100328
- Anti-human IL-6 2706, 100330
- Anti-human IL-6 2707, 100798
- Recombinant IL-6 antigen, 50µg, 710015
- Recombinant IL-6 antigen, 341-36

### Serum Amyloid A

- Anti-human SAA 2201, 100279
- Anti-human SAA 2203, 100289
- Anti-human SAA 2211, 100808
- Anti-human SAA 2213, 100810
- Recombinant SAA antigen, 100 µg, 610070

### Procalcitonin

- Anti-human PCT 4004, 100563
- Anti-human PCT 4008, 100769
- Recombinant PCT antigen, 100µg, 610080

### Ferritin

- Anti-human Ferritin 8803, 100111
- Anti-human Ferritin 8806, 100112
- Native Human Liver Ferritin, 270-40

Please visit [medixbiochemica.com](http://medixbiochemica.com) and [leebio.com](http://leebio.com) to find more information about these products, or [click here](#) and our team will contact you.

## ORDERS

### MedixMAB™ and MedixAntigen™ products

- USA, Europe, other regions: [orders@medixbiochemica.com](mailto:orders@medixbiochemica.com)
- China: [medixchina@medixbiochemica.com](mailto:medixchina@medixbiochemica.com)

### EastCoast Bio products

- [orders@eastcoastbio.com](mailto:orders@eastcoastbio.com) or EastCoast Bio webshop: [www.eastcoastbio.com](http://www.eastcoastbio.com)

### Lee Biosolutions products

- [order@leebio.com](mailto:order@leebio.com) or Lee Biosolutions webshop: [www.leebio.com](http://www.leebio.com)

## GLOBAL TECHNICAL SUPPORT

### Medix Biochemica, EastCoast Bio and Lee Biosolutions product lines:
